

Centre for Career Counselling and Placements Islamic University of Science and Technology Kashmir

Goals:

The 3CP@IUST is envisioned to help define the career interests of students and imbue them with skills that enhance their employability.

Objectives:

1. To partner with organizations and industry and conduct recruitment drives for students within and outside campus.
2. To organize pre-placement talks /trainings/workshops/conclaves to make students industry ready.
3. To arrange industrial training and internships.
4. To develop and maintain department wise database on internships and placements.
