

# **Screening test for the Course** **Microcontroller Based System Design**

**Venue:** Design Innovation Lab (Computer Science New Building, II-floor)

**Date:** 08/09/2015 (Tuesday)

**Time:** 2:30 PM

**Syllabus:**

- 1) Basic electric circuits
- 2) Basic analog and digital electronics
- 3) Basic C programming
- 4) Basic Engineering Mathematics
- 5) General Aptitude and Mathematical Reasoning

**Registration:** Students who have not already registered are requested to reach 15 minutes earlier for on spot registration.

**For further details, contact:**
