ABOUT

ISLAMIC UNIVERSITY OF SCIENCE AND TECHNOLOGY

Established through an Act of the J&K State Legislative Assembly in 2005, The Islamic University of Science and Technology, Awantipora is located approximately 28 kilometres south of the Srinagar city of J&K. The University offers undergraduate, postgraduate, and research courses in a mosaic of disciplines ranging from science, technology, and management to languages and literature.

COMPUTER SCIENCE & ENGINEERING DEPARTMENT

The Department of Computer Science and Engineering was established in the year 2007 as one of the first engineering departments. It has a diverse faculty to provide technical skills and expertise in the fast growing fields like AI, big data, graph analytics and ethics, the department faculty has roughly around 60 lakh grant from various funding agencies of India. The department has state-of-art infrastructure, commuting resources and high performance computing facility that is one among the best in Northern-India.

FACULTY DEVELOPMENT PROGRAM

The Faculty Development Program seeks to bring together experts across the spectrum of engineering, science and philosophy to discuss an array of topics such as research integrity, diversity in research, women in engineering, philosophy of science, data innovation and mental health. Although these aspects of research do not get much limelight, they play an essential role in fostering an environment amenable to cutting edge research.
