

CIED – IUST FOUNDATION

Intellectual Property Rights (IPRs) play an important role both in the economic and social development of a society. The strength of the economy lies in supporting IPR's like Patents, Design rights, trademarks, copy rights etc.

In this regard, a one-day workshop on Intellectual Property Rights is being organized on 13-09-2022 (Tuesday) by the IPR cell of CIED from 10:30 am. The workshop will be conducted in hybrid mode. Through this workshop, students and faculty will get an overview of Indian IPR system and its filing procedures.

The workshop will be conducted by Mr. Mirza Mohammad Idrees ul hag Beigh who has a bunch of IPR's (Patents, Copyright and Designs etc.) to his credit. He is currently working in a multi-national conglomerate "V H Group" as Head Research Technology Development. He is a certified professional from World Intellectual Property Organization, Stanford Law School of Stanford University (CA, USA) and RGNIPM of Indian Patent. Office. He is also a Certified Professional on Project management from Indian institute of Technology, Delhi.

The online session can be attended through Google Meet link given below:
