We are pleased to inform you that the Rumi Library has got a 15-day trial for our university to evaluate 'Rubriq' and see its advantages. As appraised and demonstrated yesterday in a webinar organized by the Rumi Library, Rubriq is an advanced AI-powered tool designed specifically for scholarly writing. It offers a comprehensive grammar and language checking solution, utilizing AI algorithms trained on millions of research papers. With its extensive training and expertise, Rubriq ensures accurate and precise language usage, helping researchers produce high-quality manuscripts.

Users can register for the trial using the link below:
