6 (12:24am 01.02.2021)	2610054	Anayatullah Bhat	My name is Anayatullah Bhat and I am on serial 10 of the mentioned merit list. I want to bring to your notice my issues briefly and please find the attachments in support of my objections.	1. As per the documents submitted, in Marks Certificates submitted the Marks figure out to be 1497/1900 which is 78.79% and CGPI mentioned is 8.53 whereas Overall CGPI on Migration Certificate is 8.43. There is a conflict in the Certificates in terms of Overall Percentage. The committee is considering 8.43 as final percentage as per the claim of the Candidate and awarding the standard formula provided by Candidate as signed by Dean Integral University and the percentage figures out to be 80.167%.	1.33pm 01.02.2021
			1. In my Masters we had a CGPI system of marking. In such a case the CGPI needs to be converted into the percentage using the Standard Formula (in my case the conversion formula is mentioned on my report card). I have an overall CGPI of 8.43 that sums to 80.167 %. You have considered the marks system of (marks obtained divided by maximum marks)x100, which is not supported in CGPI System. There were no columns available in the online application for CGPI. But I have mentioned the CGPI on the hard copy that I submitted in IUST.	2. Silver medal does not carry any point as per regulations. Points are awarded to Gold Medal only.	
			2. I have been Awarded Silver Medal in M Tech for securing second Position by University and it has not been considered in the award section.	3. The Publication in International Journal of Recent technology and Engineering does not figure in UGC Care List as required in UGC Notification Titled "Public Notice on Academic Integrity" Dated: 14 June 2019 Point 2 and 3 and in UGC Notification "Public Notice" No. 16th September 2019.	
			3. My Publication has not been considered.
