***Department of Computer Science, IUST Hosts Alumni Meet***

Awantipora, June 28, 2024: The Department of Computer Science, Islamic University of Science and Technology (IUST) organized an alumni meet, bringing together distinguished alumni, faculty members, and students from various batches of MCA, M.Sc. (IT), and PhD programs. The event aimed to celebrate the achievements of graduates and foster a sense of community within the department.

Notable alumni who attended the event included Peer Waseem Ul Islam, Lead Data Strategy, Governance, and Data Platform Architecture at Digitale Schiene Deutschland; Irfan Hussain Dar, VP of Engineering at Goldman Sachs; Majid Ahmad Kundroo, a Research Scholar at Chungbuk National University, South Korea; Syed Naseer Ahmad Shah, a UGC-NET qualified Research Scholar at Jamia Millia Islamia (JMI); and Zakir Gulzar Mir, a Senior Salesforce Developer. These alumni shared their professional journeys, highlighting their achievements and the impact of their education at IUST.

The meet was attended by Dr. Kaiser Javeed Giri, Dean School of Engineering and HOD of DOCS; Dr. Muzafar Rasool, Coordinator, DOCS Alumni Connect; Dr. Javaid Iqbal, Director DIT&SS; Dr. Rumaan Bashir; and Dr. Shabana Nargis. They, along with students from various programs, actively participated and shared their experiences and insights.

The alumni meet provided a platform for reconnecting with peers, faculty, and current students. The event concluded with a networking session, fostering meaningful connections and collaborations among attendees, and ended with a vote of thanks.
