***IUST's Mechanical Engineering Dept Holds Board of Studies Meeting***

Awantipora, June 24: The Department of Mechanical Engineering, Islamic University of Science & Technology (IUST) convened its 3rd Board of Studies (BoS) meeting to update the curriculum and advance interdisciplinary, industry-aligned education at the university.

Experts from different reputed institutions including Prof. Babar Ahmad (NIT Srinagar), Prof. Atul Srivastava (IIT Bombay), Prof. Arun Udai (IIT ISM Dhanbad), and Mr. Imran Anim (Director, ARCO Cements), Dr. Majid H. Koul, Head Department of Mechanical Engineering) along with faculty from allied disciplines Electrical, Electronics, and Computer Science participated in the meeting. The meeting was chaired by Dr. Kaiser Javaid Giri, Dean, School of Engineering & Technology, and coordinated by Dr. Ovais Gulzar, Academic Coordinator. Student representatives also participated, emphasizing the need for hands-on training and real-world application. The curriculum was also informed by prior feedback from alumni and industry stakeholders. The meeting concluded with a vote of thanks by Dr. Junaid Mir.
