Office of the Community Connect

One day exposure visit for undergraduate students of GDC Kargil

Date: 03-11-2025

Target Audience: Undergraduate students of Government Degree College (GDC), Kargil

Description:

The Office of Community Connect (IUST), under the aegis of the Dean Outreach, organized a one-day exposure visit for undergraduate students from Government Degree College, Kargil on 3rd November 2025. The visit aimed to provide students with hands-on exposure to advanced research facilities and entrepreneurial initiatives at the university.

During the visit, students explored the Department of **Food Technology**, the **Watson- Crick Centre for Molecular Medicine (WCCMM)**, and the **Centre for Innovation and Entrepreneurship Development (CIED)**. The tour familiarized the participants with the latest developments in food sciences, molecular biology, and innovation-driven entrepreneurship.

A total of 36 students, accompanied by 4 faculty members, participated in the program. During the visit the participants also had opportunity to interact with faculty members, researchers, and innovators working across these centers, gaining valuable insights into interdisciplinary research and real-world applications of scientific knowledge.

Overall, the exposure visit provided a meaningful learning experience, inspiring students to engage in scientific inquiry and explore future academic and entrepreneurial pathways in the fields of food technology, molecular medicine, and innovation.

Coordinator,

Community Connect.
