Detailed Course Contents for 8th Semester

Total Credits = 12

Total Hours Per Week = 3+9(S)

Course Code	Course Title	L	T	P	S	Credits
XXXXXXG	Generic Elective ¹	3	0	0	0	3
MEC462C	Major Project/Internship ²	0	0	0	9	9

Note(s):

¹ Generic Electives are offered to the students of the School of Engineering and Technology including the students of the Department of Mechanical Engineering. The credits corresponding to Generic Electives can alternatively be obtained through MOOCs platform, like NPTEL, or from the Minor Degree Course list subject to the approval of the Coordinator and Head of the Department.

² A student must either register for a Major Project or undertake an Internship of at least three months' duration. Both options carry 9 credits.
