Dear Dr. Arsheed Ahmad Ganaie,

This has a reference to the new proposal titled '*Exploring the Role of TGF- β Pseudoreceptor BAMBI-Driven Androgen Deprivation Therapy-Induced Muscle Wasting in Prostate Cancer Cachexia*' considered by the Technical Expert Committee on Cancer Disease Biology in its meeting held on 8th – 9th October 2025 through "Hybrid Mode".

It is informed that the Committee recommended to support the proposal within an overall budget of Rs. 205.00 lakhs for 3 years.

The budget recommended by the Committee is as below:

You are therefore requested to submit the following documents for further consideration and financial approval from the Department:*(Please refer to the enclosed instructions regarding the submission of required documents)*

- 1) Signed Checklist (format enclosed)
- 2) Declaration certificate duly signed by PI, Co-PIs and Head of the Institution (format enclosed)
- 3) IEC/IAEC/IBSC Approval as applicable for the proposed study
- 4) Undertaking w.r.t implementation of EAT Module PFMS (format enclosed)
- 5) Undertaking for No pending UC. (format enclosed)
- 6) Undertaking of Non-Availability of proposed equipment. (format enclosed)
- 7) Details of Existing Facility
- 8) Quarterly milestones and deliverable of the project
- 9) Budget justification under each head
- 10) DSIR Certificate
- 11) ZBS Account Details
- 12) Quotations of Equipment Details as proposed in the study
- 13) As per norms Co-PI is mandatory in DBT funded projects, accordingly may identify a suitable Co-PI from your institute and submit their detailed CV and consent.

The above-mentioned documents/information may be submitted at the earliest in original (scanned soft copies through return email) duly signed and stamped by competent authority.

Regards

-
