

# CENTRE FOR VOCATIONAL STUDIES

SCHOOL OF HEALTH SCIENCES

ISLAMIC UNIVERSITY OF SCIENCE AND TECHNOLOGY, KASHMIR

The B.Voc. courses include mandatory clinical training each semester at a tertiary care hospital. In the final semester, students undergo an extended six-month clinical training. This hands-on experience helps students apply classroom knowledge in real clinical environments. We have established MOUs with SKIMS, GMCs, and the Directorate of Health Services Kashmir to support these training programs.
