

Islamic University of Science and Technology Kashmir Centre for Career Counselling and Placements

Welcome to Centre for Career Counselling and Placements, IUST

IUST stands as a frontrunner in providing top-notch Science and Technology education. With a student enrolment exceeding 1200 across more than 20 programs, we present a diverse and highly skilled talent pool to employers spanning various industries. Collaborating with IUST grants you access to students equipped with a wide array of skills and qualifications, prepared to meet the varied demands of businesses. Whether you are in search of regular students, recent graduates, or alumni, our students are ready year-round to contribute to the success of your enterprise.

Our university is home to cutting-edge science and engineering schools that offer an extensive range of programs. These include Bachelor of Architecture, Bachelor of Technology in Civil Engineering, Mechanical Engineering, Electrical Engineering, Electronics and Communication Engineering, Computer Science and Engineering, Food Technology, BSc Actuarial and Financial Mathematics, MBA, MBA International Business, IMBA, MCA, MSc IT, MSc Statistics, among others.

Furthermore, IUST hosts distinguished centres of excellence like the Centre for Artificial Intelligence, the Watson and Crick Centre for Molecular Medicine, and the Design and Innovation Centre. These centres augment our commitment to groundbreaking research and practical learning, ensuring that students are well-prepared to excel in their respective fields.
