2016-17	5
2017-18	11
2018-19	11
2019-20	21

Student Progression

Start-Up

Paper Crew by Mr. Danish Fayaz (2019-Batch)

Danish Fayaz graduated from the Electrical Engineering Department in 2019. He wanted to start his own business, so he and his two friends joined hands to launch Paper Crew. *Paper Crew* started initially as a manufacturing company for disposable items used in the restaurant and hotel industry. Later on the budding entrepreneurs realised that there was much more potential in providing service and products to businesses rather than just manufacturing. So, right now Paper Crew is essentially a service provider to restaurants and hotels with its own manufacturing units.

It uses the direct-to-consumer (D2C) model and is able to generate more profit and revenue than its competitors. In the future Paper Crew aims to provide more products such as dairy, meat, and other consumables to its clients. Currently Danish Fayaz handles the operations, finance and technical aspects of Paper Crew.

Student Progression...

Mr. Danish Rafiq

- 2016-Batch
- Currently pursuing Ph.D. at NIT Srinagar

Mr. Vakar Ahmad

- 2016-Batch
- Currently working as Chief Technical Officer at Mountain Vector Energy Inc. Albuquerque, US.

Mr. Faizan Hassan Hajam

- 2016-Batch
- Currently pursuing Ph.D. at NIT Srinagar

Student Progression...
