

“

I have completed my Post Graduation in English Language and Literature from the department. The faculty of the department has groomed me since my first day at university. They have a keen eye of understanding the need and capability of the student and provide the platform which helps in enhancing the skills. The faculty opened a new doorway for me where I felt more confident about myself and my understanding of literature. The department provided a broad spectrum where I explored more about myself and appreciated me for the little milestones I achieved during this journey. Currently I am pursuing PhD in English Language and Literature from Christ University, Bangalore. This wouldn't have been possible without the confidence and the motivation the faculty of IUST. They believed in my goals and helped me in becoming a mature and sensible in embarking the research journey.
