

Infrastructure

1. Laboratories

- Food Processing Training Center (FPTC)
- Food Chemistry Laboratory UG
- Food Engineering Laboratory I & II
- Research Laboratory PG
- Packaging Laboratory
- Food Analysis Laboratory
- Advanced Food Analysis Laboratory
- Food Microbiology Laboratory (UG)

2. Food Testing Laboratory

- Food Quality Analysis Laboratory I and II
- Residue Analysis Laboratory

Food Processing Training Center (FPTC)

Food Chemistry Laboratory (UG)

Food Engineering Laboratory-I

Food Engineering Laboratory-I

Food Research Laboratory (PG)

Food Engineering Laboratory-II

Advanced Food Analysis Laboratory

Food Microbiology Laboratory (UG)

Food Analysis Laboratory

Food Testing Laboratory

Housed at the Department of Food Technology, IUST, Food Testing Laboratory was established with the grant of Rs. 3.86 Crore received from the MOFPI, GOI. FTL is engaged in proximate analysis, pesticide residue analysis, spice quality, oil, milk and water quality analysis.

Food Quality Analysis Laboratory-I

Residue Analysis Laboratory
