Islamic University of Science & Technology (IUST), Awantipora
for 2022-2023

About IIC Institute

Islamic University of Science & Technology has a rich tradition of fostering Entrepreneurship since its inception. It has already thrown up a number of success stories where its students have successfully set up diverse businesses of different magnitude. The aim of the Centre for Innovation and Entrepreneurship Development Cell (CIED) at IUST to promote a culture of innovation, incubation in line with the new normal and thought process as envisaged under New Education Policy (NEP 2020), National Skill Development Mission of the Country and Startup India Schemes. CIED operates under a comprehensive framework designed to implement the Hon'ble Prime Minister's vision outlined in the National Education Policy 2020, Skill India, and Startup India Mission.

Over a brief span of three years, CIED has become an intrinsic part of the Jammu and Kashmir innovation ecosystem. It has embedded a culture of innovation, skill development, and capacity-building courses within the university's fabric, thereby contributing to regional socioeconomic progress. Notably, CIED's Women's Entrepreneurship Development Cell (WEDC) has been instrumental in fostering a culture of entrepreneurial zeal among women in the region. CIED's impact extends beyond its boundaries, as evidenced by its contribution to intellectual property growth. With over 12 patent applications submitted in the last six months alone, IUST stands as the sole university in the UT of J&K, with 31 patents to its credit, showcasing its commitment to groundbreaking research and innovation.

CIED is committed to promoting and nurturing the renewable energy ecosystem through working extensively on innovations and projects in this domain. By focusing on renewable energy and climate change solutions, CIED is addressing crucial challenges while actively contributing to sustainable development in the region.

IUST was awarded a 3.5-star rating by the Institutions Innovation Council (IIC), Ministry of Education (MoE), Government of India (2022). Additionally, IUST has also been awarded an 8th rank as a brand performer in ARIIA (2022).

Highlights

IUST has a dedicated incubation centre namely the Centre for Innovation and Entrepreneurship Development (CIED). CIED has been registered as a Section-8 Company, providing a dedicated incubation space for up to 40 startups. Presently, CIED supports 21 startups through its incubation program, offering essential resources such as seed capital money amounting to Rs. 5 lakhs per startup, office space for three individuals, computer facilities, as well as complimentary electricity and internet access. Additionally, CIED also has an exclusive Training and Development Hall and an Ideation Room to foster innovative ideas.

The following eight verticals form the cornerstone of CIED's initiatives:

1. Skill and Capacity Development Cell (SCDC): Focusing on skill enhancement and capacity building to equip individuals with the necessary tools for success.
2. Intellectual Property Rights/Registration Cell (IPRC): Advocating for intellectual property rights and facilitating the patenting process for innovative ideas.
3. Women's Entrepreneurship Development Cell (WEDC): Empowering and fostering entrepreneurial aspirations among women in the Union Territory of Jammu and Kashmir.
4. Entrepreneurship Development Cell (EDC): Nurturing entrepreneurial spirit and cultivating a startup-friendly ecosystem.
5. Centre of Excellence (CoE): Establishing a hub of excellence in various domains to drive cutting-edge research and innovation.
6. Technological Innovation in Renewable Energy and Climate Change (TIRE&CC): Leading advancements in renewable energy and climate change solutions through technological innovations.
7. Technology Business Incubation Centre (TBIC): Providing critical support to startups and entrepreneurs in their journey from concept to commercialization.
8. Design and Innovation Centre: Fostering creativity, design thinking, and innovation as key drivers of societal progress.

CIED collaborates closely with all departments at IUST and their respective laboratories. This collaboration enables us to offer mentorship in various aspects, including technical support and access to facilities, to our students, aspiring entrepreneurs and incubatees.
