

## **Outreach Program on Impact of Noise Pollution on Human Health**

**Date: 07-12-2023**

**Target audience: Students of Government Degree College, Tral**

**Description:**

In a collaborative effort between the Department of Civil Engineering at IUST and the Department of Environmental Science at Government Degree College (GDC) Tral, an impactful outreach program was organized in collaboration with the Office of Community Connect. The event focused on raising awareness about the adverse effects of noise pollution on human health.

The featured speaker for the occasion was Mr. Mir Ajaz Ahmad from IUST. Mr. Ahmad shared valuable insights into the intricate aspects of noise pollution, contributing to the audience's understanding of its detrimental effects.

This collaborative effort aimed at fostering a deeper understanding of the importance of addressing noise pollution for the well-being of the community. The event serves as a significant step towards creating awareness and instigating informed actions to mitigate the impact of noise pollution on human health. The entire program was moderated by Dr. Fayaz Ahmad Malla, the Head of the Department of Environmental Science at Government Degree College, Tral.
