AWANTIPORA, KASHMIR

Office of Community Connect

## One day exposure visit for school students of PM SHRI MS C.I DASS

**Date:** 13-12-2024

**Target Audience:** Students of PM SHRI MS C.I DASS Achabal

### **Discription:**

The Department of English language & literature, Islamic University of Science and Technology, Awantipora organized an 'One day exposure visit for school students of PM SHRI MS C.I DASS Achabal' under aegis of Community Connect, as a part of the university's efforts to promote academic growth, mentorship, and community engagement. Students from PM Shri C.I. Dass School, Achabal accompanied by their teachers, explored different facilities including Library, and Language lab from the Department of English Language and Literature and Laboratories from the department of Food Technology. Department of Food Technology offered a comprehensive view of the science behind food production, processing, and safety. The tour typically included various specialized labs, such as the Food Processing Lab, where preservation techniques like freezing and canning were demonstrated.

The visit was coordinated by Dr. Farrukh Faizan. Dr. Munejah Khan, Head Department of English, who highlighted the importance of alumni mentorship in academic growth. She said that such initiatives reflect IUST's role in bridging academic aspirations and opportunities while strengthening ties with the community through impactful outreach programs.
