

CIED-IUST Foundation Inaugurates Entrepreneurship Skill Development Program on Solar Entrepreneurship in association with NIESBUD.

March 25: Center for Innovation and Entrepreneurship Development, CIED-IUST Foundation, inaugurated an Entrepreneurship Skill Development Program (ESDP) on Solar Entrepreneurship today. The program has been designed for new entrepreneurs and vendors, aiming to enhance their understanding of solar energy and its applications in electricity generation in light of the implementation of the PM Surya Ghar: Muft Bijli Yojana.

The workshop was inaugurated by Prof. Parvez A. Mir, CEO CIED-IUST Foundation, in the presence of Er. Perwaiz Ahmad Rather, Principal Government Polytechnic College Pulwama, IUST. Representatives of National Institute for Entrepreneurship and Small Business Development (NIESBUD) as well as faculty members from the college and participants also attended the event.

Prof. Mir emphasized the critical role of Solar Entrepreneurship in empowering new entrepreneurs and vendors. He highlighted how the program aims to equip participants with essential skills to succeed in the solar energy sector, foster innovation and promote sustainable business practices.

Mr. Abid Shah, a representative of NIESBUD, informed the participants about various subsidies available for solar entrepreneurship and highlighted different schemes of Govt. of India for promotion of solar energy.

The program will be held over a period of nine days and will cover topics such as basics of solar energy, site assessment, solar components, grid connection, net metering, business planning and customer acquisition.
