Office of the Community Connect

One-Day Exposure Visit for Students of Govt. Girls Higher Secondary School Chanapora, Srinagar.

Date: 01-06-2026

Target Audience: Students of Govt. Girls Higher Secondary School Chanapora, Srinagar.

Description:

The Office of Community Connect (IUST), under the aegis of the Dean Outreach, organized an educational exposure visit for the students of **Govt. Girls Higher Secondary School, Chanapora, Srinagar**, on **1st June 2026**. The visit witnessed the enthusiastic participation of more than 40 students, accompanied by 7 faculty members. The programme was designed to provide students with first-hand experience of the university environment and to familiarize them with the academic, research, and innovation-driven facilities available at the institution.

During the visit, the students explored the **Rumi Library**, one of the university's premier learning resources. They were introduced to its extensive collection of academic materials, digital learning platforms, and modern study spaces that support higher education and research activities. The visit provided valuable insights into the role of libraries in fostering academic excellence and lifelong learning.

The participants also visited the **Centre for Innovation and Entrepreneurship Development (CIED)**, where they were acquainted with the university's initiatives aimed at promoting innovation, creativity, and entrepreneurship among students and aspiring professionals. Faculty members and officials briefed the students about various incubation programmes, start up support mechanisms, and opportunities available for transforming innovative ideas into viable ventures. The interaction offered students a deeper understanding of entrepreneurship as a potential career pathway and highlighted the importance of innovation in addressing contemporary societal and industrial challenges.

The exposure visit served as an enriching educational experience, broadening the students' awareness of higher education opportunities and the growing significance of innovation and entrepreneurship in today's knowledge-driven economy. The programme inspired participants to pursue academic excellence and develop an entrepreneurial mindset for future success.
