

**Valedictory Session of One-Week Financial Skilling Course in Advanced Excel Held at
IUST Innovation Campus**

14-09-2026: Valedictory session of the one-week Financial Skilling Course in Advanced Excel was held at the IUST Innovation Campus. The programme was organised by CIED-IUST Foundation in collaboration with FICCI FLO J&K, with the objective of equipping women participants with practical digital, financial and computer skills to enhance their employability and professional capabilities.

The training provided hands-on exposure to Advanced Microsoft Excel, Microsoft Word, PowerPoint, Tally and other essential computer applications, with particular focus on financial management, data handling, analysis and workplace productivity.

Addressing the participants, Prof. Parvez A. Mir, CEO-CIED-IUST Foundation, in the presence of Mr. Altaf Hussain Shalla, Principal, Government Polytechnic College Pulwama, appreciated the enthusiasm and active participation of the trainees. He emphasised the importance of continuous learning and digital proficiency in today's rapidly evolving professional environment and encouraged the participants to utilise the skills gained to strengthen their employment and entrepreneurial prospects.

Representatives and experts from FICCI FLO J&K highlighted the significance of market-oriented digital and financial skills in promoting women's confidence, economic participation and access to emerging opportunities.

Participants also shared their experiences and appreciated the practical, interactive approach adopted during the programme. The session concluded with the distribution of certificates to successful participants, recognising their completion of the training.
