One-Day Academic awareness programme for students of Ayesha Ali Academy, Kanipora, Kulgam.

Awantipora, **September 09, 2026**: The Islamic University of Science and Technology (IUST), Awantipora, hosted an educational campus visit by Ayesha Ali Academy School, providing students with an opportunity to explore the University's academic and technological environment and gain practical exposure to higher education, engineering innovation, and emerging technologies.

A group of 36 students, comprising 17 male and 19 female students, accompanied by three faculty/staff members, visited various academic and research facilities at IUST. The visit included exposure to areas related to Mechanical Engineering, renewable energy, and innovative technologies, enabling the students to understand their practical applications through demonstrations and interactive sessions.

The hands-on demonstrations provided the students with valuable insights into the significance of technical education, innovation, and skill-based learning, while helping them connect theoretical concepts with real-world applications.
