One-Day Technology Exposure visit to students of PM Shri Government Boys Higher Secondary School , Budgam

Awantipora, **September 15, 2026**: As part of its continued outreach initiatives aimed at strengthening school–university engagement, the Islamic University of Science and Technology (IUST), Awantipora, hosted a group of 100 students from PM Shri Government Boys Higher Secondar, Humhama, Budgam . The educational visit was coordinated by the Office of Community Connect under the aegis of the Dean Outreach, IUST.

The visiting group, accompanied by four faculty members, was introduced to the academic and innovation ecosystem of IUST through interactive sessions and guided visits to the **Rumi Library** and the **Centre for Innovation and Entrepreneurship Development (CIED) and Department of Computer Science**. The students gained first-hand exposure to the University's learning, research, and innovation environment.

The sessions and guided visits were facilitated by the departmental Community Coordinators, faculty members, and staff, who engaged with the students and provided valuable insights into academic opportunities, practical learning, innovation, and entrepreneurship at the University.

During the visit, the students gained valuable insights into the nuances of entrepreneurship development, its growing relevance in the future, and the latest technological advancements in the field of Computer Science. They were also sensitised to the importance of libraries and the role of reading in academic, intellectual, and personal development.
