One-Day Exposure Visit of Bilaliya Educational Institute

Date: 17-09-2026

Target Audience: Students of Bilaliya Educational Institute

A delegation of 30 students and 5 faculty members from **Bilaliya Educational Institute** visited the Islamic University of Science and Technology (IUST) as part of an educational exposure and awareness programme. The programme was conducted by the Community Connect Vertical under the aegis of the Dean Outreach, IUST.

During the visit, the students explored the Centre for Innovation and Entrepreneurship Development (CIED) and the Language Laboratory of the Department of English Language and Literature. The programme comprised interactive sessions with resource persons and University officials, providing students with valuable exposure to innovation and entrepreneurship, as well as language and literature.

The visit aimed to enhance students' awareness of higher education, emerging technologies, entrepreneurship, and diverse academic and career opportunities.

The delegation expressed satisfaction with the programme and appreciated IUST's efforts in providing meaningful exposure to its academic and innovation ecosystem. They also suggested greater inter-departmental coordination for future outreach initiatives.
