One-Day Exposure Visit for the Students Government Boys Higher Secondary School Tral

Date: 13-10-2026

Awantipora October,13: As part of its continued outreach initiatives to strengthen school–University engagement, the Islamic University of Science and Technology (IUST) Awantipora, hosted a group of 20 students from Government Boys Higher Secondary School Tral on Tuesday for an educational campus visit coordinated by the Office of the Community connect Under the aegis of Dean outreach. During the Visit, the Visiting group Explored the Department of Electrical Engineering, Electrical Communication Engineering and Centre for Innovation and Entrepreneurship. The programme included interactive session sand discussions on modern technological advancements, engineering applications and encouraging them to explore future academic and career opportunities in engineering and Innovation. The programme concluded with positive feedback from the visting delegation Which appreciated the University efforts in promoting technical awareness and experiential learning among school Students in Higher education and future Carer opportunities. The Interaction also encouraged Students to Explore new areas of Learning beyond the conventional classroom Environment.

The sessions were facilitated by the Departmental of community coordinators faculty members/staff who interacted with the students and shared insights into academic opportunities. The students attended two interactive sessions conducted by faculty members of Department of Electrical Engineering, Electrical Communication Engineering and the Centre for Innovation and Enterprenurship provided insights into the subjects, academic opportunities, and research activities being carried out at the department. The visiting institution described the overall experience as “Excellent,” appreciating the University's interactive approach and the enriching learning environment provided to the students.

The Visit was coordinated by Dr. Shaiqa Nasreen Coordinator community connect
