CIED–IUST Foundation and UltraTech Cement Organise Skill-Based Workshop on Roof Topping

28-10-2026: CIED–IUST Foundation, in collaboration with UltraTech Cement, organised a one-day skill-based workshop on roof topping at the IUST Innovation Campus, aimed at enhancing participants' practical knowledge and technical skills in modern construction practices.

The workshop focused on effective roof topping techniques, the use of quality construction materials and industry-oriented approaches to improving the durability, strength and cost-effectiveness of roofing solutions.

The programme was inaugurated by Mr. Shameem Iqbal Nahvi, Manager, CIED–IUST Foundation, in the presence of Mr. Mohd Shuiab Mir, TMTCS, UltraTech Cement, faculty members, coordinators and a large number of Civil Engineering students from Government Polytechnic College, Pulwama.

Addressing the participants, Mr. Shameem Iqbal emphasised the importance of skill-oriented training in bridging the gap between academic learning and industry requirements. He highlighted that such initiatives play a vital role in promoting innovation, entrepreneurship and employability among young people by equipping them with practical, industry-relevant skills.

Speaking on the occasion, Mr. Mohd Shuiab Mir highlighted UltraTech Cement's commitment to supporting skill development and strengthening workforce capabilities through hands-on training and exposure to modern construction technologies. He appreciated the enthusiasm of the participating students and encouraged them to apply the knowledge gained during the workshop in real-world construction projects.

The workshop featured expert-led sessions and practical demonstrations of roof topping techniques using UltraTech Cement products. Participants gained valuable insights into construction materials, application methods and best practices aimed at ensuring durable, strong and cost-effective roofing solutions.

The initiative marks another step by CIED–IUST Foundation towards promoting experiential learning, technical skill development and stronger industry partnerships, while creating opportunities for youth to enhance their employability and professional competencies.
