

Students of STEM (Skill to Enterprise Model) Program visit for a industrial Visit at Industrial Estate Khanmoh Srinagar for Industrial Exposure.

CIED IUST FOUNDATION

AWANTIPORA

Industrial visit for entrepreneurs today visited at Industrial estate Khanmoh Srinagar, under the direction of Director CIED Prof. Parvez. A. Mir.

The visit was organized by the Director of CIED IUST Foundation, Prof. Parvez. A. Mir, specifically for entrepreneurs of STEM (Skill to Enterprise Model) course." to provide students with a firsthand experience of business operations.

The students visit to the Mughal Darbar Industry at Khanmoh Srinagar. The owner of the Mughal Darbar Mr. Arshid Ahmad welcome young entrepreneurs that today we embark on an insightful journey into the heart of food processing at Mughal Darbar Industrial. This visit promises to be an enlightening experience as we explore various food processing machines, equipment, and witness the entire system of food material processing.

Mr.Arshid Ahmad owner of the Mughal Darbar interacts with the participants at the industrial unit to give overview of the company's history, mission, and scope of operations in food processing. He gives awareness to the students regarding the raw material reception and storage, food processing machines and equipment and packaging and quality control.

This kind of hands-on learning is essential for understanding how businesses function in real-world settings, which can be particularly valuable for students interested in entrepreneurship and innovation.

The overall visit at Mughal Darbar Industrial estate Khanmoh Srinagar enriches our understanding of food processing technologies and inspires innovative thinking in your entrepreneurial journey. It helps bridge the gap between academic learning and real-world application, fostering a deeper understanding and appreciation for the complexities of industry operations.
