

CIED IUST FOUNDATION

AWANTIPORA

An outreach Program of CIED IUST Foundation was held at Govt. Polytechnic College IUST Awantipora.

Outreach program was organized by the CIED IUST Foundation was a great opportunity for students from Govt High School Wahibugh Pulwama to explore the engineering labs at Govt Polytechnic College IUST Awantipora.

The students visit different engineering labs can provide students with a practical understanding of various engineering disciplines and technologies at Govt polytechnic college IUST Awantipora aims to provide students showcasing machinery, thermodynamics setups, and materials testing, featuring circuits, power systems, and electronics, demonstrating construction materials, structural analysis, and surveying equipment and highlighting programming labs, networking setups, and hardware components.

The main aim of the outreach program was organized by the CIED IUST Foundation was a great opportunity for students from Govt High School Wahibugh to explore the engineering labs at Govt Polytechnic College IUST Awantipora. These visits can be valuable for every student, giving them a firsthand look at engineering practices and technologies, which might inspire their future career choices or academic interests.

It's initiatives like these that bridge the gap between academic learning and real-world applications, helping students make more informed decisions about their future.
