#### **CIED-IUST Foundation Inaugurates one-week short term computer course for students of Department of Islamic Studies**

09.12.2024: The one-week short-term computer course for students of the Department of Islamic Studies was inaugurated by Prof. Parvez A. Mir, CEO CIED-IUST Foundation today. During the opening session, Prof. Mir emphasized the importance of computer literacy in today's world, highlighting its significance for both personal and professional development. He discussed how fundamental computer knowledge is relevant to everyday life and various career paths including entrepreneurship.

The course is designed to improve students' understanding of essential computer skills and their practical applications with a particular focus on empowering female students. It covers key applications such as Microsoft Word, Excel, PowerPoint and other essential tools that are crucial in the digital age.

The one-week short-term computer course also provides young entrepreneurs with practical skills and insights, empowering them to manage and grow their businesses in an increasingly digital world.
