IUST Hosts Expert Talk on Statistical Quality Control and Operations Research

Awantipora, October 12: The Department of Mathematical Sciences at Islamic University of Science and Technology (IUST) organized an interactive session focusing on Statistical Quality Control and Operations Research, led by Dr. Md. Zafar Anis, from the Indian Statistical Institute (ISI), Kolkata.

The session provided a platform for students and researchers to delve into mathematical sciences, highlighting its significance and diverse applications in various sectors. Dr. Anis shared valuable insights into current methodologies, trends, and career prospects in the field, enriching the attendees' understanding.

Dr. Peer Bilal Ahmad, Head Department of Mathematical Sciences, and Dr. Abid Hussain Shalla, Dean School of Sciences, conveyed their appreciation for the expert's contribution. They noted that such engagements are vital for inspiring the academic community and broadening the perspectives of students and researchers. The event concluded with a vibrant Q&A session, where participants actively discussed practical applications and future opportunities in mathematical sciences.
