

Alumni Meet 2023

The Department of Mechanical Engineering was thrilled to host a spectacular Alumni Meet on Wednesday, bringing together the brilliant minds of the 2018 and 2019 batches.

Special guests included the esteemed Dean Outreach, Prof. Lily Want, and our dedicated Alumni Coordinator, Dr. Liyaqat Nazir. Their presence added immense value to the event, inspiring our current students and alumni alike.

A big thank you to all who made this event a success - alumni, faculty, and students!
