*VC, IUST reviews infrastructural development at both campuses*

Awantipora, December 22. Vice Chancellor IUST undertook an extensive tour of University campuses (I & II) and reviewed the progress of different ongoing infrastructure projects. He was accompanied by Registrar, Finance Officer, Executive Engineer, and other officers. Vice Chancellor sought details about different projects and urged all concerned to meet the set timelines. He also visited the under-construction students' residential complex and scholars' hostel and was briefed about these projects' financial and physical progress.

At Campus-II Vice Chancellor reviewed the progress of Solar park, Aromatic park, and the Biodiversity park being set up by the University. The respective coordinators: Dr. Feroz Ahmad, Dr. Aabid Shalla, and Dr. Aijaz Ahmad Qureshi briefed the Vice Chancellor about the efforts underway and the ongoing and prospective collaborations with different organizations within the UT and outside. All concerned were impressed upon to expedite the process and ensure that the set deadlines are met timely.
